SUPERINTENDENT'S REPORT

To the Board of Education, Cornish:

I hereby submit my third annual report of the schools of Cornish.

Our schools closed in June, having completed without exception a school year of thirty-six weeks. There were eight graduates whose names and September occupations are listed below:

Grammar School Graduates

Name	School	September Occupation
Harry Hunt	Cornish Flat	Post graduate at Flat School
Doris Burr	Cornish Flat	At home
Cornelius Marek	Cornish Flat	At home

Name	School	September	Occupation
Ralph Brown	Cornish Flat	Entered	Montpelier (Vt.) Seminary
Hattie Davis	Cornish Flat	Post graduate at	Flat School
Verda Lindsay	Cornish Flat	Post Graduate at	Flat School
John Lovejoy	Cornish Flat	Entered	Kimball Union Academy
Horace Cheever	City School	At home	

Two additional schools were opened in September; the Goward school with fifteen pupils enrolled, and the Brick school with an enrollment of thirteen pupils.

Seven new teachers were engaged for the current year. Four of these were inexperienced with little or no training in teaching. These beginners however are doing reasonably effective work for teachers with so little preparation and show promise, with increased experience and training, of becoming efficient teachers. A general improvement in the efficiency of our schools should be recorded. Good discipline, more effective instruction and increasing interest of the pupils prevail in all the schools. We have now a loyal, conscientious corps of teachers whose diligence should bring good results at the end of the year.

The usual repairs and improvements upon the school buildings have been made. A new toilet was built at the Goward school. At the Flat school the shed was remodeled so as to permit entrance directly to the school room. Somewhat extensive, though minor, repairs at the Dingleton school were found to be imperative to make the school room reasonably comfortable in winter weather.

Improvements must be made at the Centre school if we are to reopen that school next year. Some work will be needed at the South Cornish building.

LIBRARIAN'S REPORT

As in the year previous the expenses of the library last year were arranged in a budget which was approved by both the board of selectmen and library trustees. This has been carried out leaving quite a balance of funds. Workmen of experience and ability were early in the year taken to the library to look it over with the thought of re-decorating the walls. They submitted an estimate of its cost but in the judgment of the trustees the available funds were insufficient and it was not done. Some bills, as the one for fuel, are too late to be audited. A shipment of rebound books, eighty-five in number, has lately been received. These are all old and frequently called for favorites. The work has been done in first class shape at a cost \$47.85. During the year the books have been looked over and mended wherever needed. At the expense of Mr. and Mrs. Barrett the library has received this year over fifty books to take the place of those loaned during the library cart period, which were never returned. The branch libraries in the school houses have been maintained except for a period in the fall and have been a source of pleasure and profit in every district. In most of the sections adults have been glad to improve this opportunity to get library books, also. The school superintendent has availed himself of the library material for the use of the schools. It is earnestly wished that the teachers would go often and stay long at the library, thus coming to know of its riches. None can be compelled but all are urged to use this real treasure house. As heretofore the reading table has been well supplied and thanks are due those who have so generously contributed to this. Also to those who have given books at different times.

The patronage is good. Many books are asked for and it is noted that an increasing number of the non fiction is taken out.

Many choice books will be noted among the year's accession.

Respectfully,

ALMA A. BROWN,

Librarian.
